Redhouse Coronavirus TheatrePolicy and Guidelines

As we look forward to welcoming our audiences back for live performances this fall, the health and safety of our patrons, artists, and staff remains our highest priority. Below please find outlined our Covid-19 safety guidelines and policies. Please note that we will continue to monitor closely all relevant data and recommendations and make appropriate adjustments as necessary.

For anyone 12 and older:
Prior to entering the theatre, audience members will be required to show proof of full vaccination, or for those not vaccinated, a negative test result from either an antigen-type (Rapid) test 24 hours prior to entry or a PCR-type test prior to 72 hours of entry at the theatre.

Masks will be required at all times by everyone regardless of vaccination status, except while eating or drinking in designated areas.

For children under the age of 12, masks are required at all times.

Full vaccination means that either 14 days have passed since receiving the second dose of FDA or WHO authorized double-dose vaccines or that 14 days have passed since receiving the sole dose of FDA or WHO authorized single-dose vaccines.

Vaccination verification accepted in any of the following forms:
- Physical vaccination card
- New York State Excelsior Pass
- Digital vaccination cards through your home Health Department
Photo of vaccination card

Testing results verification accepted in any of the following forms:
Negative Covid-19 antigen (rapid) or PCR test results accepted in any of the following forms:
- Physical negative test result
- Printed or digital copy of email from a test provider verifying negative test result
App verifying negative test result

Concessions and other ancillary events such as talkbacks and meet and greets may be suspended or limited
